Short Term Camp 2016

**Interested in history -
then you must go for this camp.**

You'll try to live in an Iron Age environment with reconstructed houses where you yourself will be a part of the environment, dressed up in Iron Age clothes and working in workshops with crafts and cooking.

After this start you'll »meet« the Danish Vikings and their king Harold Bluetooth who gathered Denmark and Norway and made the Danes Christian, as it is written on the big runic stone. And there will be time for a sail in a Viking ship with you and your friends as oarsmen.

You'll also have a look into the Danish Middle Ages and of course you'll meet with Denmark as it is today, and there will be time for being together in order to promote international understanding.
